

HYDRAFACIAL

PRE AND POST CARE

POST-TREATMENT CARE:

The exclusive HydraFacial is a multistep facial involving cleansing, exfoliation, pore extraction, and infusion of serums into your skin. Hydrafacial provides antioxidant protection and hydration. It is a gentle facial rejuvenation safe for all skin types and tones and is performed in one appointment. The patented technology will cleanse, extract, hydrate your skin, clear deadskin cells, extract dirt and oil from pores, and infuse botanical substances to keep your skin glowing.

There is no recovery time after your treatment. You may experience mild flaking or irritation, but these symptoms will not affect your daily activities.

Follow post-care instructions carefully to maintain the best possible results from your HydraFacial. If you have any questions or problems not listed here, call GFaceMD, and we will be happy to help.

To maintain your treatment, follow the following post-care instructions:

- Do not wash your face for at least six hours post-procedure
- No chemical peels, microdermabrasion, or dermaplaning for one week
- You may experience redness for 2-4 hours, but it will subside
- Use sunscreen with an SPF of at least 30 following treatment, and whenever you are out in the sun
- Wear sun hats
- Avoid tanning beds
- Avoid excessive exercising or projects where you sweat excessively for 24 hours
- Avoid Botox and dermal filler injections until after your HydraFacial treatment
- Do not use makeup the day of your HydraFacial
- Use a daily skincare program. Your skincare professional will help you design a skincare program.
- HydraFacial results last up to two weeks, but to maintain your skin health, it is recommended you undergo a HydraFacial once or twice a month. HydraFacial treatments will maintain a glowing and healthy complexion; they are safe and one of the best procedures you can do for your skin.

For questions or if you have unusual or irritating problems at the treatment site, please call your skincare professional at GFaceMD at 871-524-3223.
